

# Hoje Bridge

### **SHORT DESCRIPTION**

As part of the Swedish Railways' Lund-Arlöv four-track expansion project, ARGE NCC/OHL was commissioned by Trafikverket to build the Höje Bridge.

### **THE PROJECT**

As part of the Swedish Railways' Lund-Arlöv four-track expansion project, ARGE NCC/OHL was commissioned by Trafikverket to build the Höje Bridge.

The Höje Bridge is a 115 m long, 4-span post-tensioned concrete bridge.

In the summer of 2021, BBV Systems provided the required post-tensioning of the superstructure by means of BBV L19 tendons. Installation, stressing and grouting works were performed by qualified BBV personnel.

#### **FACTS**

Location	Arlöv , Sweden
Status	completed
Start of construction	March 2021
Completion	October 2021
Building owner	Trafikverket

## **SERVICES**

Bridge construction
