

Nordhavnsvej

SHORT DESCRIPTION

North of Copenhagen, a new 3 km long road connection ("Northern Harbor Link- ") between Nordhavn and Helsingørmotorvejen was built.

THE PROJECT

The route leads through densely populated urban areas, passes under three busy railway lines and several roads.

BBV Systems supplied the prefabricated strand anchor systems for securing the sheet pile and bored pile walls.

FACTS

Location	Kopenhagen , Denmark
Status	completed

Start of construction March 2012

Completion August 2012

SERVICES

Excavation pits
